Janie Nolte, Manager
c/o THE FABULOUS HUBCAPS
The corner of Rock n' Roll
The Heart of The U.S.A.

Dear Janie,

On behalf of the happily married couple and their loving families, I thank you and The Fabulous Hubcaps for putting out a truly amazing show that still has people buzzin' about the phenomenal talent they witnessed at their reception. What a BLAST !!!

From the opening number through the gorgeous finale ("Goodnight, Sweetheart, Goodnight"), the band demonstrated unparalleled mastery of material, flawless execution and heartfelt exuberance. My total Hubcaps experience gets an A+++; meaning a plus for advancing and planning with you, a plus for the first rate production crew (absolute perfectionists) and a plus for the good fortune to work with a knockout group of top shelf talent like the Hubcaps and indeed- they are FABULOUS! It has been awhile since I've experienced the exhilarating combination of versatility, range and emotion in the punch packed by the Hubcaps...and above all what a wonderful group of people to be with...to a person, they are as gracious as they are good.

Over the years, I have had the good fortune to work with some true legends in Sir Paul McCartney, Sir Elton John, Billy Joel, Ray Charles and James Taylor to name the best. In my opinion- the rock-solid performance of The Fabulous Hubcaps is right there with them. I can't wait for the opportunity to work with you all again in the very near future.

Absolute best regards,

Hugh Gallagher
